Hello, Time Travellers!

Phew! It's not easy pretending to be dead, you know! Last weekend, I had to divert an alien invasion, stop a star exploding and buy some new slippers, all without moving! Still, it seems to have fooled the Silence. Unless they read *Doctor Who Adventures*, of course... Oh dear. Um... Who's this Doctor chap?

Episode: The Time of Angels

Monsters: Weeping Angels

Chosen by: Jonny Wilkinson

Tell us why: "It's scary and funny, because you actually think the Angels might get the Doctor, but instead he wriggles out of his jacket and just leaves them with that!"

"There would be **cherryade out of a tap** and a machine that churned out **cakes**, a huge **model racetrack** and a **football pitch**!" What, no room for **hammocks**, Matt?

"KIDS HAVE BIG, FIZZY BRAINS!"

MATT SMITH AND STEVEN MOFFAT SHARE THEIR SHOW SECRETS!

ONLY IN DOCTOR WHO ADVENTURES

Hi both! Which *Who* monster do you think is the scariest?

Matt: Good question! I would say, for me, the Weeping Angels! They're the best ones.
Steven: I thought the Peg-Dolls were absolutely terrifying!

Steven, when did you start writing *Doctor Who* stories?

Steven: I wrote a whole four-part story when I was 11 or 12! I wrote it with a friend of mine at school about bird-creatures. It was for the Fourth Doctor, Tom Baker.

"I'D LIKE TO DO AN EPISODE UNDERWATER"

Our readers like making up stories, too!

Steven: *Doctor Who* doesn't just feed your imagination... you want to feed it back. We have to serve up stuff that kids will engage with and is worthy of their big and fizzy brains.

Matt, if you had a TARDIS, where would you go?

Matt: I'd probably do a few things! I'm really intrigued by dinosaurs, I always have been – especially flying ones! I'd quite like to do an episode underwater, like Atlantis, but it would be too expensive.

Who do you think the Doctor is?

Matt: One of the nicest things about playing the Doctor is that he can be very serious and he has the weight of the world on his shoulders. But he also has the ability to sniff and taste and look at the world like a kid. I'm still trying to find out who he is. He's so many different things!

What can you tell us about the 50th anniversary in 2013?

Matt: It's a very exciting prospect, but I don't get told all the plans. We want to make it spectacular, whatever we do, but I don't know what that is yet. We want to make it an event. An event for *Who* fans worldwide to remember.
Steven: We're not saying what we're doing for the anniversary, but you will not be short of material, let's put it that way!

YOUR TURN!

Do you have a question for anyone on *Doctor Who*? Send them to dwa@bbc.com and we'll ask them the best ones!

READER QUESTION!

Matt, if you were a dinosaur, what would you be?
Lauren Nicole, Glasgow

MATT: I was thinking about this the other day, actually! A pterodactyl or a velociraptor because I like their strength in numbers. Probably a pterodactyl though. Or maybe a big, huge, sharky one! Oh, or a reptilian, crocodiley one – because they lasted through the ages. They survived.

ORDER, ORDER!

Can you work out the correct order for these scenes from *The Doctor, The Widow and The Wardrobe*?

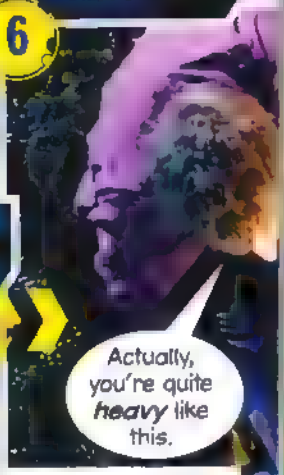
THE AMAZING DEATHS OF RORY WILLIAMS

CHECK OUT THIS BRILLIANT GUIDE TO RORY'S INCREDIBLE ADVENTURES!

1 At school, Rory played hide and seek with **Amy** and her best friend **Mels**. Well, he hid and they pretended to look for him.

4 In a dream, Rory was turned into a **heap of dust** by evil old people. It was the first time that he **died**.

5 Next, he was shot by a **stroppy Silurian**. After he died, he fell through a **crack in time** and so never existed! That was a bad day.



6 Rory returned! But as an **Auton**. He couldn't stop himself blasting Amy with his **gun-hand**. Oops.

9 Rory almost died again to escape from an **alien sick bay**, but he taught Amy some **nursing skills** and she saved him.

10 Rory aged many years and then died aboard the **TARDIS** – except that it was a nasty trick by **House**, playing with Amy's mind.

2

Hey!

I *still* can't find Rory.

He could be anywhere.

Rory grew up to be a **nurse**, but Amy was always more interested in a strange raggedy man called the **Doctor**.

3

Smile!

I am! This is my *nicest* smile!

The Doctor took Rory and Amy back in time for a holiday in **Venice**, where they battled **vampires**. That's not really a holiday.

7

Don't you dare *drop me* in the mud!

Now we're *married*, we can settle down, put our feet up, not *die* a lot...

What? That's no fun!

Amy forgave Rory for killing her after he waited **2,000 years** for her to get better. Then they got **married**. Aww.

8

Found you!

Okay, your turn to hide. I'll *close* my eyes.

One... two... three...

In **America** in **1969**, Rory seemed to die when some **CIA agents** shot him, but it was all a clever trick to fool the wicked **Silence**.

11

... And all their spaceships *blew up!* Then I came here, *stopped* Madame Kovarian and *saved* Melody.

My *hero*. Now you can change her nappy.

Rory dressed up as a Roman and took on the whole Cyberman fleet to rescue Amy and their **baby** from an **army of villains**.

12

Hey! I'm *right* here.

Sigh. I can't find Dad.

And haven't we already *done this?*

But the baby turned out to be **River Song** – and also, she was Mels, the girl that Rory grew up with! Rory took this crazy news in his stride. At least he didn't have to die again.

IN THE COLD, EMPTY SPACELANDS BETWEEN THE MOST DISTANT GALAXIES IN THE UNIVERSE LIVE THE STAR SERPENTS!
Snakes in space, Doctor! But what on Earth does something like that eat?
Well, Rory, a Star Serpent usually eats nothing but stray neutrinos floating in the vacuum – but today I think we're on the menu!
INSIDE THE TARDIS...
The Star Serpent has swallowed the TARDIS!
Ulp!
What should we do? Dematerialise?
Not on your Nellie! We'll do what we always do – explore!
Oh no! I've been inside a giant space beastie once before, I don't want to do it again!
You've done this before? You think you know a girl...
Oh no, that was completely different, Ponds. When we were inside the Star Whale we were in terrible danger. This time...

... It's even worse!
Yikes! What are they?
Giant cilia - probably part of the serpent's swallow reflex!
We're being pushed down its throat!
GULLPP
Waaagh!
SLLLRRRPPP!
This is amazing - we're seeing peristalsis movement first hand! The walls of the alimentary canal are contracting to force us down.
Oh yes, amazing... yuck!
So this is its stomach. Lovely. Now let's get back in the TARDIS and-
Wait - what's that?
Uh-oh! Bad news. These look like stomach parasites!
What do they want?
To help digest us, probably! Run!
SOON...

The TARDIS is *disappearing!*
The Star Serpent's trying to *digest* it. And us, too, of course. The parasite worms are going to *break us all down* into little bits first. *Fascinating* evolution of a digestive system!
They're *too fast* – and there are *too many* of them!
It's got my shoe! *Gerroff!*
Maybe there is *something* I can do.
It's *too late!*
We've *had it* this time!
SKREEEEEEEEEEP
Hang on, Ponds! I've got a *plan!*
You *did* it! Yay for the sonicky sonic!

Wait, no, hang on a sec – wrong setting completely. I don't want them all running away!
FFZZZEEEEEEEEEEE
I want them to follow us! Come on, my beauties!
It's like the Pied Piper! Look, Rory – they're all following us! Following the sonic!
Beauties? Really?
SOON...
It's the TARDIS!
Inside, quickly! Before...
... We come out the other end! Eeeeww!
PAARRRP
Not an experience I want again. Ever.
Rubbish, it was great fun. Think of it as educational! Not everyone can boast first-hand knowledge of a Star Serpent's digestive system.
And I'm so glad we can.

MADAME VASTRA

I'm a lady of refined tastes.

MARGARET SLITHEEN

So am I!

Er... Pardon.

It's Jamie Oliver's recipe.

But he's a Headless Monk now.

Yuck. Far too sweet.

Kovarian's very bitter. I'll eat *her*.

That's better. Er, hang on...

And then do you eat them?

No! They are Ood!

Sigh. I don't think any of this bunch can go through to the next stage.

MARGARET'S COOKING TIPS...

- Human beings are very tasty and full of vitamins.
- You can also get terrible wind if you eat too many at once.
- When cooking humans, I like to add garlic, rosemary and salt.
- I also keep the skins to wear as cunning disguises (*see right*).
- Oh, and there's that spoilsport the Doctor, who likes to save them from the cooking pot. What a waste of good protein!

DO YOU HAVE A PROBLEM THAT NEEDS SOLVING? THEN ASK THE DOCTOR!

SUPER SONIC

Dear Doctor,
How does the sonic screwdriver work? Do you use batteries or do you press a button, or is it automatic?
Jamie Pryde

THE DOCTOR REPLIES:
Simple answer: it just works, straight out of the box. Just that. It came out of a shop. It came out of the [illegible]. Mind you, it could be argued that the [illegible] is inside a box, that box being a police box. So, in effect, it does just work straight out of the box. All you have to do is point and think. That's not to say I wouldn't like some fun, pushy buttons to press as well, though.

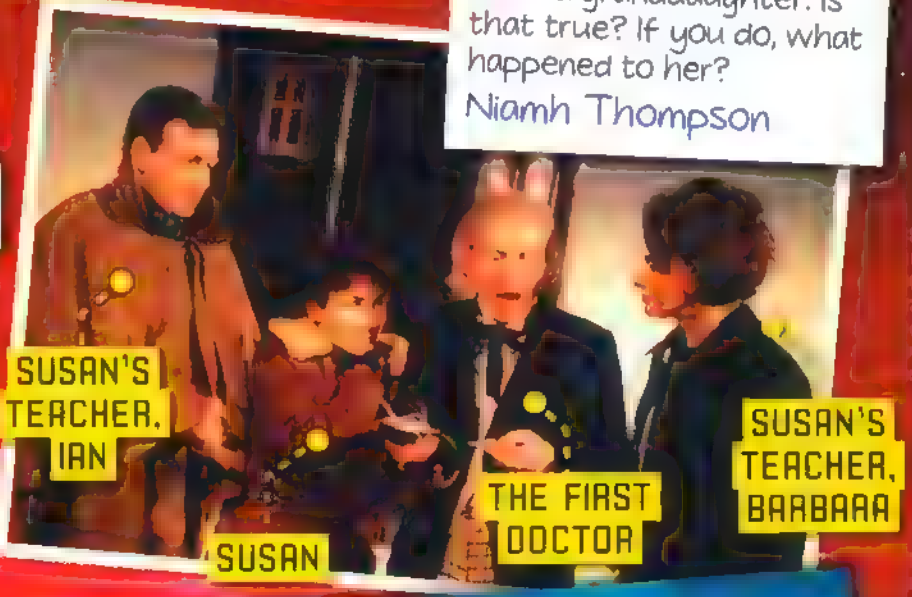
DÉJÀ WHO

DEAR DOCTOR,
What is the worst experience you have had while time travelling?
Dre

THE DOCTOR REPLIES:
For a time traveller, the worst experience in the universe is turning up somewhere and thinking, 'Good, we've been here before', only to find that you actually haven't. It's very embarrassing. If you manage to put a name to a face you've actually met, even worse is thinking you've not been somewhere but then you find out you have. You've kid something like that happen, skipped your own [illegible] time and time again, [illegible] you don't. I have a [illegible] story.

AN UNEARTHLY GRANDCHILD

Dear Doctor,
My dad told me that you have a granddaughter. Is that true? If you do, what happened to her?
Niamh Thompson



THE DOCTOR REPLIES

Ah, my lovely g[illegible] think I was old enough, would you, with my cool bow tie and braces. Well, I [illegible] enough. [illegible] bringing teachers [illegible] all got a bit out of hand [illegible] planet she met a nice chap, so I just [illegible] time day I shall go back and see one day...
